

# Careers in Science and Health

Step inside the world of science and health with this educational and inspiring workshop. This workshop will get students thinking about the huge range of careers in science and health and what they involve, how to match their skills and interests with their choice of subjects and careers, and provide advice and information about how to build a CV or university application. We aim to have a STEM Ambassador and / or a medical or dental student assist with every workshop.

Running time: 45 to 90 minutes (can be adapted to suit the group)

Maximum group size: 35

Suitable for: Year 9 – Year 13

This workshop has the option to have sections on the following:

1. Meet a scientist (if available)
2. Meet a medical / dental student
3. Who am I? (Information about a range of careers)
4. Personality profiling
5. Skills matching
6. Network building
7. How to get work experience and talk about this in job and UCAS applications
