

COVID-secure Science Show Alterations

The COVID19 pandemic has meant we have had to adapt to new ways of working. At Centre of the Cell we have altered our shows to make them safer to perform in this new environment. A list can be found below of the adaptations common to each show.

- Some shows have been reduced in length
- Volunteer interaction has been reduced to a minimum
- Props to be handled by volunteers are wiped clean each time they are touched
- Only two members of staff to be in each session, limiting the group's contact outside of their bubble (there is an exception to this rule if A Mummy for Melissa is booked)
- Masks/ visors are to be worn at all times
- Paper feedback forms are no longer used

Please contact info@centrefthecell.org for further information.
