

Teethtastic

Get your teeth stuck into our tantalising show all about...you guessed it, teeth! Whether you're a dentist's dream, or you don't know your incisors from your canines, in this show you'll discover just how many teeth a shark has, how to get terrific teeth and gorgeous gums, take part in our chomping challenge, and find out how to make elephant toothpaste.

Running time: 60 minutes

Maximum group size: 70 on site
120 in schools

Suitable for: Year 3 – Year 6

The show contains sections on the following:

1. What are teeth?
2. What are teeth made of?
3. How many teeth do humans and other animals have?
4. Are all our teeth the same?
5. How can we keep our teeth healthy?

Key stage 2 Science curriculum links

Animals, including humans:

Year 4

- identify the different types of teeth in humans and their simple functions

Year 5

- describe the changes as humans develop to old age

Year 6

- recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function
